

## FINANCIAL RELIEF MEASURE LAUNCHED BY ADMINISTRATION

### WOULD RESTRICT ASIATICS

AMERICAN FEDERATION OF LABOR GOES ON RECORD ON IMMIGRATION.

(By Associated Press.)  
NORFOLK, Nov. 18.—The American Federation of Labor, amid great enthusiasm today, adopted without a

dissenting vote the report of its special committee on the anti-boycott of the Van Cleave Buck Stove and Range company injunction suit now pending, the report making provision for an immediate assessment of one cent per capita on all affiliated organizations, international and local, to be used in fighting this suit as a general fund for defense against any other action by the manufacturers' association. The federation today placed itself on record as favoring absolute exclusion of all immigration from Asia and the islands of the Pacific ocean to the United States or its possessions.

The federation adopted resolutions declaring itself against the use of terms "open" and "closed" shop, declaring "union" and "non-union" should be used in stead.

### MARKET OPENED LIVELY

GOVERNMENT'S RELIEF PLANS SEND THE PRICES JUMPING.

NEW YORK, Nov. 18.—The first effect on the stock market of the United States government's relief plan was galvanic, sending prices jumping from one to four points over

Saturday's closing level throughout the list. These prices proved to be the highest of the day, and the first rush to buy gave place to a languid, indifferent demand which, allowed prices to slip back. The actual effect of the proposed offer of \$100,000,000 government notes bearing 3 per cent interest was partly offset by the somewhat formidable evidence of the extent to which general business activity has already been curtailed by the dislocation of exchanges and the currency famine.

**PRINCE KILLED IN DUEL.**  
VIENNA, Nov. 18.—The Neues Wiener Journal asserts that Prince Arnulf of Bavaria, whose death three days ago was officially announced to have occurred from pneumonia, died from a sword wound received in a duel with the Duke of Genoa, brother of ex-Queen Margherita of Italy. The duel, it is declared, was fought at Murano, near Venice.

Will Issue \$50,000,000 in Panama Bonds and \$100,000,000 are in One Year Certificates.

(By Associated Press.)  
WASHINGTON, Nov. 18.—President Roosevelt has been commended and congratulated throughout the day on the wisdom and success of the financial relief measures launched yesterday by the administration. Many telegrams from all parts of the country arrived all day. Callers at the White House, who were numerous, have each added an opinion on the optimistic side of the situation.

Benjamin Ide Wheeler, president of the University of California, who was a caller at the White House, endorsed as most excellent the relief measure of the administration.

Panama bonds have been printed and will be ready for issue as soon as the bids are accepted after November 30. Applications for new certificates reached the treasury in considerable numbers this afternoon, but as yet no allotment has been made.

## CONVICTS MAKE DASH FOR LIBERTY

Prisoners in Carson Penitentiary Arm Themselves With Rifles and Seize Wagon of Butcher—Posse Succeeds in Capturing Two While the Third Man Suicides.

RENO, Nov. 18.—The most sensational prison break that has occurred in the Nevada penitentiary for many years took place at 3:10 o'clock this afternoon, when convicts Richard Forest, James Watson and John Edwards overpowered three guards, shooting one in the hand, taking possession of a butcher wagon in the prison yard and drove into the hills. The convicts were working in the kitchen when they saw the butcher wagon in the yard. They immediately secured rifles they had concealed and rushed for the wagon, throwing the butcher from the seat, they lashed the horse into a run and escaped from the yard. The guards fearing a general break turned their attention to the other prisoners, thus giving the three convicts time to get away. A large posse of armed men were soon in pursuit.

Forest and Watson were captured four miles southwest of Carson City shortly after 4 o'clock after a short battle, in which no one was injured.

Late this afternoon the dead body of Edwards was found. It is believed that when he saw his pals taken into custody by the posse he lost heart and turned the gun on himself rather than be taken back to prison.

All three men were serving terms ranging from ten to thirty years.

**HAVE CERTIFICATES.**  
(By Associated Press.)  
STOCKTON, Nov. 18.—The banks of this city, through their clearing house, have put into circulation clearing house certificates in denomination of five, ten and twenty dollars, the authorized issue being \$400,000.

### HEAVY FOREST FIRE RAGING

(By Associated Press.)  
SANTA ROSA, Cal., Nov. 18.—A big forest fire is raging at Guernseyville, a section in the vicinity of Mercury. It was started by burning brush at Sherard's place, not far from the Great Eastern quicksilver mine. So far as known the damage is confined principally to timber and brush.

### TESTIMONY SHOWS MISAPPLICATION

(By Associated Press.)  
CHICAGO, Nov. 18.—Judge Anderson, in the trial of John Walsh, charged with misapplication of the funds of an institution, with which he was connected, today ruled that the books of the Chicago National bank and other Walsh enterprises constituted competent evidence; that counsel for Walsh had no constitutional right to exclude them. Following up this victory, the prosecution, through testimony of National Bank Examiner Moxey, proceeded to trace ten instances of alleged irregularities in accounts which it is contended indicate misapplication of the funds of the Chicago National bank by the former president.

### TWO FIREMEN WERE KILLED

FARGO, N. D., Nov. 18.—Two firemen were killed and a \$100,000 loss sustained by fire today, which destroyed the J. I. Case company's office and warehouse.

(By Associated Press.)  
RATHDRUM, Idaho, Nov. 18.—The defense in the trial of Steve Adams for the murder of Fred Tyler today put on several of its most important witnesses. Among them Fred Price and Newt Glover, the latter's testimony occupying the most of the afternoon.

### RUSSIAN GENERAL ENTERTAINS TAFT

(By Associated Press.)  
VLADIVOSTOK, Nov. 18.—Secretary Taft tonight dined with General Plugg, commander of the Russian forces. The healths of Roosevelt and Emperor Nicholas were drunk. The secretary leaves here tomorrow for an overland journey to St. Petersburg. Unrest among the soldiers continues. Another outbreak is predicted inside a week. It is reported that 200 mutineers were executed last week.

**SUSPECTS ARRESTED.**  
(Associated Press.)  
GUAYAQUIL, Nov. 18.—Police here yesterday arrested several persons suspected of plotting against the government.

Thrown From Auto and Has Arm Broken and Bruised From Head to Foot—Physician Rushed to Scene of Accident at Hot Creek.

Malcolm Macdonald, president of the Nevada First National bank of this city, one of the most prominent mining men in the west, is lying with a broken arm at the ranch of former State Senator Williams at Hot Creek, and he is bruised from head to foot as the result of an automobile accident. W. C. Russell is at the same place with a few slight abrasions to remind him of his experience. E. K. Bradford, another passenger in the machine, and Shorty Kutchau, the chauffeur, are practically uninjured.

The accident occurred on Sunday night while the party was on its way back from the examination of a mining property, which was full of promise. The prospect is located in the Toiyabe range, and the party started out for it early on Sunday morning. They had made the inspection and were on the way back bent on getting in the same night. The machine in which they were riding was the new 70-horsepower Simplex recently purchased by Macdonald and Donald Gillies, the fastest machine that has ever come into this district.

Shorty was putting the machine to its best efforts, and the speed was not less than sixty miles an hour when they reached Hot Creek. Going at this terrific speed, the right forward wheel struck a rock, which shunted the automobile out of its path, and threw the occupants whirling through space. Messrs. Macdonald and Russell were partly stunned, and Mr. Bradford was the first to scramble to his feet.

Mr. Macdonald was unable to rise, but was finally assisted to his feet. Mr. Bradford was familiar with the country, and directed Shorty to the Williams ranch, while he remained with the sufferers. Assistance was soon forthcoming, and the injured men removed to the ranch, where the best of nursing was accorded them by Mrs. Williams and her daughter, Mrs. Butler.

Yesterday afternoon, Arthur Raycraft, and a party of hunters, who were returning from a duck shoot, stopped at the ranch and learned the particulars of the accident. The use of the machine was tendered to the sufferers, but Mr. Macdonald could not be moved. So all haste was made to reach Tonopah, and immediately upon the arrival of the Raycraft machine, Major Montanish was notified of the accident. The major lost no time in dismounting. Within half an hour after he had learned the news, he was on his way to the accident. With him were Congressman George Bartlett and Dr. Grismm. They went out in one of the speediest machines that was left in the town.

## California Legislature Will Convene Today

(By Associated Press.)  
SACRAMENTO, Nov. 18.—All preparations are complete for the convening of the legislature in extraordinary session at 10 o'clock tomorrow morning to transact special and emergency legislative business which has arisen. The legislative halls of the two houses will be separate buildings a block apart. The assembly will meet in Turners hall, while the senate will convene in the hall and rooms of the Union Republican club. All bills and resolutions came from the state printer's office tonight are ready for introduction tomorrow in both houses. Should State Railroad Commissioner Wilson tender his resignation, thereby avoiding action by the legislature, this special session promises to be the shortest and most inexpensive in the legislative history of California.
